

The drawing is a vertical cross-section of a building facade. At the top, a horizontal section is labeled with 'ESC.2', 'PLAT.1', and 'ESC.1'. Below this, a vertical section is labeled with 'ESC.4', 'PLAT.2', and 'ESC.3'. The main vertical section shows a wall with a green hatched insulation layer, a yellow dotted insulation layer, and a blue hatched insulation layer. The wall is supported by a concrete structure. To the left of the wall, there is a 'PAINEL' (panel) and 'GERADORES' (generators). Below the panel, there is a 'PRODUTO LIQ' (liquid product) section. A legend at the bottom left identifies the hatching patterns: green for 'APROVADO', yellow for 'GRAMADO', and blue for 'PRODUTO LIQ'. The drawing also shows a 'PAINEL' and 'GERADORES' section on the left side of the wall.
